Academic Advising
FLAGS BIRT Campus Dashboard

Overview
The FLAGS – Campus Dashboard provides campus specific flags summaries. It allows you to view summary information about Flags submitted by class, students and day. It also provides an overview of attendance, trends and actions for any of the campuses.

Reports
FLAGS reports can be accessed through the Consolidated Business Intelligence (CBI) website.

CBI Access
1. Navigate to bi.iu.edu.
2. Click on CBI.
3. Enter your username and passphrase.
4. On the left side of the page you will see the Report Catalog.
5. Select Student > Academic Advising. You will see a list of reports that are available.

Reports whose names are gray are reports that you do not currently have access to. You can see an example of this with the Flags Advisor Dashboard, which is only available to advisors. If you feel you should have access to a report, you can click on that report and submit a request for access or you can email IU-UITS-AA@exchange.iu.edu

Notes for Understanding the Campus Dashboard

- An ‘attendance’ issue is any Attendance value other than ‘Attending’ and ‘Has Started Attending’.
- Students with rosters on multiple campuses are counted in each campus. ‘Flags’ refers to any value in the Flags column on the Student Performance Roster.
- An ‘Action’ is any value in the Recommended Actions column other than ‘No Recommendation at this Time’.
- A ‘Trend Issue’ is ‘Some Improvement’ or ‘Increased Level of Risk’.
- ‘Students with Issues’ refers to students with attendance issues, negative trends and/or flags.

[For Submissions Pages]

‘# Submissions’ refers to the total number of individual roster submissions.
‘# Students Submitted’ refers to the total number of distinct students with submitted rosters.
‘# Ratings’ includes the number of students with Flags; does not identify distinct students.
‘# Students Rated’ refers to the total number of distinct students flagged.

Report Navigation

This report is organized within 6 tabs across the top of the page. Each tab contains different sets of information.

FLAGS BIRT Campus Dashboard

Student Analysis

There are two sets of information available on this page. The first set allows you to compare the number and percentage of students who have been submitted as a part of the student performance roster within each department on the selected campus, in the selected term.

The second set of data allows you to look at how many reported issues have been identified in submitted performance rosters for the students submitted. You have access to raw counts, as well as percentages of the total submissions.
Class Analysis

Similar to the Student Analysis page, the class analysis provides two sets of information that allow you to see the number and percentage of classes within each department on the selected campus, in the selected term that have submitted student performance rosters, as well as the percentage and number of classes that show issues based on these submissions.

Attendance & Trends and Flags & Actions

These two pages provide you with the information collected directly from these sections of the student performance roster, based upon the campus and term selected. Raw counts and percentages are provided for each value in the categories listed.
Submissions by Day

You can track the number of student performance roster submissions, students submitted, students rated and number of ratings by day within a particular term and date range on the selected campus.
Cumulative Submissions by Day

This page allows you to track number of submissions by day, in addition to showing how many cumulative submissions have been made to that point. You can also look at the number of ratings per day and cumulatively.

Report Parameters

There two different sets of parameters used in this report. The Student Analysis, Class Analysis, Attendance & Trends, and Flags & Actions pages allow you to select Campus, Term and whether you would like to see only data associated with enrolled students or all students.

The Submissions by Day and Cumulative Submissions by day pages have the addition of a date slider. This allows you to limit the time period within a term that is being viewed.
Downloading Report as Picture or PDF

At the bottom of each report page, there is an export icon 🔄. Clicking on this icon will provide the option to download the page as a picture or PDF, which can then be saved.
