- **Attendance column** – count of the # of classes for which **Attendance** information has been entered. Red or yellow indicates that there is at least one class for which the **Attendance** has been flagged. Please see the charts on page 11 for additional explanation of the color coding.
- **Trend column** - count of the # of classes for which **Trend** information has been entered. Red or Yellow indicates that there is at least one class for which the **Trend** has been flagged. If no values appear then there are no **Trend** values. Please see the charts on page 12 for additional explanation of the color coding.
- **Progress column** - count of the # of classes for which **Student Progress (FLAGS)** information has been entered. Red indicates that there is at least one class for which the **Student Progress (FLAGS)** has been flagged. If no values appear then there are no **Student Progress (FLAGS)** values. Please see the charts on page 12 for additional explanation of the color coding.
- **Action column** - count of the # of classes for which **Recommended Student Action** information has been entered. Red indicates that there is at least one class for which the **Recommended Student Action** has been flagged. If no values appear then there are no **Recommended Student Action** values. Please see the charts on page 13 for additional explanation of the color coding.
- **Student Detail Attendance column** – displays the Attendance code that has been entered for a specific class. Please see the charts on page 11 for an explanation of the attendance code.

Academic Advising FLAGS IUIE Reports for Advisors

FLAGS Student Detail Report - IE_SIS_SR_FLAG_STDNT_DET

(Automatically executed when the Student ID has been clicked or may be run as a standalone report)

Purpose: to give complete course, FLAG, grade and data to advisors.
