

# External System IDs

## Overview

As a student, you may have IDs for systems other than SIS; for example, you may have a Purdue West Lafayette ID. You can view these external IDs in the SIS Student Center.

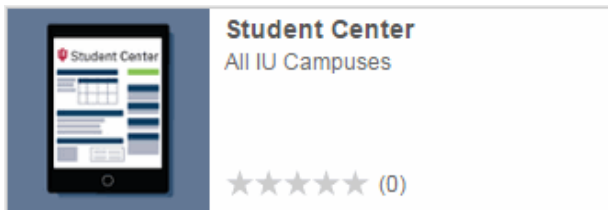

## Steps

### View External System IDs

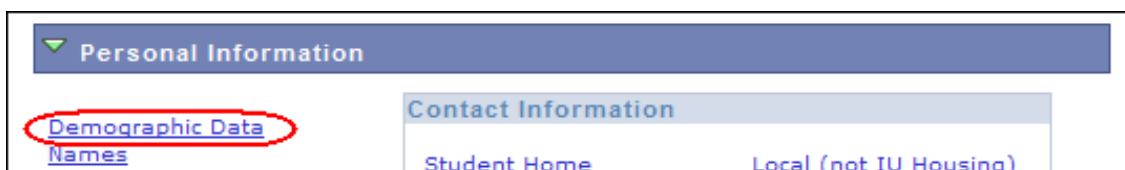

1. Navigate to: [one.iu.edu](http://one.iu.edu)

2. In the **Search** box, type "*student center*" and press the **ENTER** key.
3. Click on the **Student center** icon.

4. Under the **Personal Information** heading, click [Demographic Data](#).

If you have any **External System IDs**, they will display under the **Other Identification Numbers** heading.
