Viewing Your Performance Roster

Overview

Students will see student performance assessments in the Student Center after the instructor has saved a roster.

Steps

Viewing your Performance Roster

1. Navigate to: one.iu.edu.
2. In the Search box, type “flags” or “grades” and press the ENTER key.
3. Click on the FLAGS Early Alerts task. (You will need to log in if you have not done so already.)
4. The View My Grades page will display.
5. If necessary, select the current term and click CONTINUE.
Viewing Your Performance Roster

6. The performance assessments are listed below the class grades.

7. The Performance Roster Explained link will take you to a UITS Knowledge Base article that explains the Student Performance Roster.

8. The Performance History link will open a window that shows the date and time each grade was assigned and by whom.
9. If you withdraw from the class after receiving performance grades, the attendance will automatically be changed to “Not Attending.” The Performance History page will not reflect this change until the instructor saves the student performance roster again.
