

What-if Academic Advisement Report

Overview

To see what effect changing your program of study would have on your progress toward a degree, you can run a “what-if” advisement report based on the alternate program of study.

Steps

Create a What-if Scenario

1. Navigate to: **one.iu.edu**.
2. In the **Search** box, type, “*what if*”.
3. Click the **What-If advising report** icon.

You will need to log in with your **Username** and **Passphrase** if you haven't done so already.

What-If Report

What-if Report Selection

You can use this component to setup and request a simulated program of study at Indiana University. Here you may create an academic advisement report and see the requirements for degrees in which you may be interested.

Quick What-If Directions:
This requires two or three steps: Create a Career Scenario, Create a Program Scenario, and optionally, you may wish to add courses from the Indiana University course catalog and see how they would fit into the requirements for the degree simulation you have chosen.

Career Scenario
Institution: Select an IU Campus
Career: Select a career (graduate, undergraduate, etc)
Catalog Year: select a year/term to identify which requirements will be in effect. If you don't know, this should be the year you will first attend IU.

Program Scenario
Academic Program: Choose a School or academic unit that offers the major you want
Academic Plan type: choose major, minor, or preparation
Area of study: Choose from the choices listed, depending on your plan type
Concentration: not required for all plans, but some will require an entry

Optional: course scenario
If you know of a course you want to take at IU or just want to look around, click on 'Course Catalog Search' and add courses to your What-If scenario. Once you've selected a course, you may add a What-if Grade and may add more courses if you so choose.

When your scenario is complete, click 'Submit Request.'

What-if Academic Advisement Report

- From the drop down list, select the **Institution**, **Career** (undergraduate, graduate, etc.) and the **Catalog Year** (the term for which you want the change to take place). If the **Institution** and **Career** don't need to be changed, leave them as they are.
- From the drop down list, select the **Academic Program**, **Academic Plan Type**, **Area of Study** (major/minor) and **Concentration** (if appropriate).
- Click .

The *What-if Report* will be displayed with “Simulated Program” shown at the top of the report.

NOTE: Each school has its own repeat rules and these will not be applied to the simulation report. If you have repeated courses, the What-if audit may not be 100% accurate.

- Click  or  to collapse or expand the requirements and requirement groups. Click  to return all requirements and requirement groups to their original state.

There is a list of icons used to indicate how each course was applied to this report.

Requirement Groups are displayed in dark blue while **Requirements** are displayed in light blue.
